Hiring Manager

[Company Name]

Dear Hiring Manager,

I am writing to express my interest in the Software Engineering Internship position at your esteemed company. As a dedicated and responsible Software Engineering undergraduate with strong skills in frontend development, UI/UX design, and modern web technologies, I am confident in my ability to contribute effectively to your development team.

I have hands-on experience in building responsive web interfaces, crafting user-centric designs, and working with technologies such as HTML, CSS, JavaScript, React, and Tailwind CSS. My internship at Cognifyz Technologies and my role as an Associate User Experience Engineer at EVC have helped me gain practical exposure to real-world projects, teamwork, and industry-standard workflows.

I am highly motivated to learn, grow, and contribute to innovative software solutions. Your company's commitment to excellence and modern engineering practices aligns perfectly with my career goals.

I would welcome the opportunity to discuss how my skills and passion for software engineering can add value to your team. Thank you for considering my application.

Sincerely,

Kalid Mishal
